

## DUMPING TRUST HELD UP SUBWAY

Jerome Learns How a Firm in Which Croker Is Said to Be Interested Cleared \$125,000 on One Job for Contractors.

### HOLDS MONOPOLY OF PIERS.

Investigators of the Old Dock Board on the Trail of Another Holder of Valuable Dumping Privileges Under Former Administration.

In his investigation of the Tammany Dock Board District-Attorney Jerome received further evidence of the remarkable profits of Brown & Fleming, in which firm Richard Croker is said to be a silent partner. This is the concern which, by the admission in an affidavit of one of its members, started without capital and cleared in three years \$1,000,000.

Mr. Jerome found that what is called the "Tammany Dirt Trust" has a practical monopoly of the pier dumps convenient to the subway. He has affidavits from William Barclay Parsons, John B. McDonald and others connected with the subway showing that out of the Elm street section alone Brown & Fleming made \$125,000. This was paid by the DeLeon-McLean Company for the privilege of dumping earth at the Canal street pier.

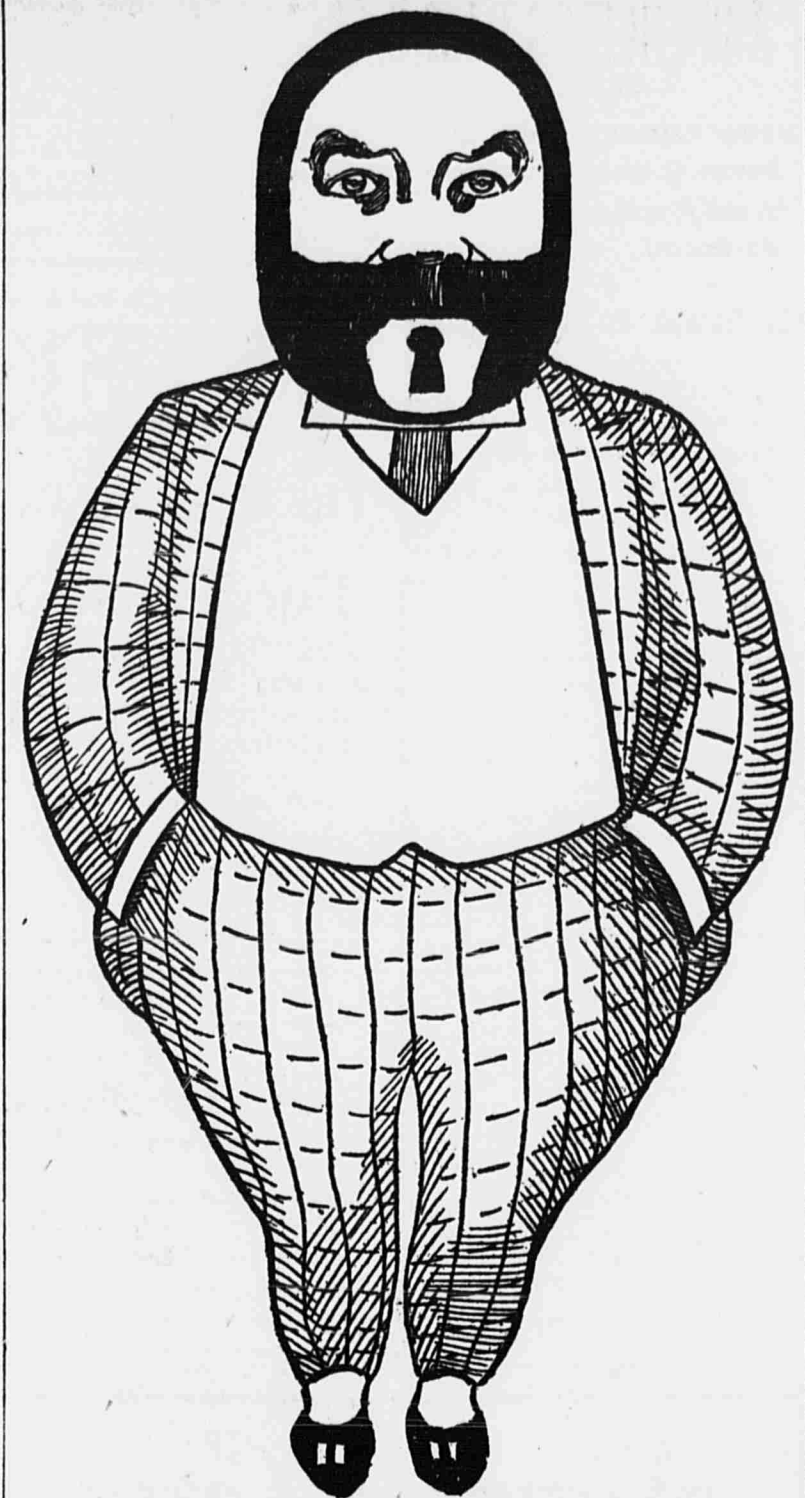

**Contractors Protested.**  
The District-Attorney will show that the subway contractors protested and applied to the old Dock Board for a dump in another section of the city. The board refused. The case was taken to the courts. Brown & Fleming won, and were able to hold up the subway contractors for any amount they cared to. They boosted prices to 35 cents a cubic yard for cellar earth. After getting this amount for the dumping privilege Brown & Fleming were able to sell the earth for filling-in for 17 cents a yard.

In an affidavit in Fleming's suit for a dissolution of the partnership, Brown says about Fleming:

"That the plaintiff was originally an employee of the defendant, and at the time that the deponent took him into business with him, now about twenty years ago, the said plaintiff was a common laborer with absolutely no education."

"That his development since that time has not been very great, and that though he is at present a man of large means, owning a one-half interest in said business, his habits of life have always been primitive, and his expenses necessarily very small. This has resulted in the plaintiff's failure to draw from said business as much of his share of the profits as the deponent has done."

## MR. JEROME'S IDEA OF THE SILENT PARTNER IN FAVORED DUMPING FIRM

In his investigation of the Tammany Dock Board District-Attorney Jerome yesterday received further evidence of the remarkable profits of Brown & Fleming, in which firm Richard Croker is said to be a silent partner.

whose circumstances in life have been very different.  
"The plaintiff is utterly unable to add up a column of figures."

Mr. Jerome has started out to find other mysterious lessees of docks—Will-

iam J. Kiney. He has had for three years the lease of the pier at One Hundred and Thirty-third street, North River, at \$200 a year. It has been suggested that this man might be another "dummy" for some contracting firm.

## MOLINEUX FAILS TO GET JAIL RECORDS

Court Refuses His Application to Have His Pictures and Measurements Removed from the Prison at Sing Sing.

### MUST TRY ANOTHER COURSE.

Judge Howard, of Troy, Decides that His Only Recourse Lies in a Suit for Libel, Which Might Be Successful.

TROY, June 24.—Attorneys for Roland B. Molineux are greatly disappointed over the failure of their efforts to secure for their client an order to compel the Warden of Sing Sing prison to relinquish possession of the pictures, measurements and other records of Molineux's stay in jail while awaiting sentence of death.

Judge Howard, who rendered the decision, holds that a mandamus is not the proper method of procedure in the case. The warden, he declares, is acting entirely within the law in retaining the records, and that to grant an order for their removal would be to cause public inconvenience, as it would mar public records.

Justice Howard said to-day that the case was a peculiar one in passing upon it he could find but two precedents. One was the case of Joyce against the Superintendent of State Prisons and the other was that of "Doc" Owen against Partridge as New York Police Commissioner. In both instances the application was denied on the ground that mandamus was not the proper proceeding.

He added that Molineux's remedy, if there is any, is by suit for libel against the Superintendent of State Prisons, the theory being that the exposure of photographs and the maintenance of record measurements of Molineux might be construed as libelous.

**Fire in a Saloon.**  
Fire partially destroyed the two-story frame building at No. 208 Amsterdam avenue early to-day. The first floor was occupied by Charles Englehard as a saloon and he lived on the floor above with his family. The fire started in the saloon and Englehard was awakened by the smoke and the cracking of the burning wood. He aroused the members of his family and helped them out in safety. The damage to the building is thought to be about \$1,500.

**McKean—Leigh.**  
The marriage of Mr. J. T. McKean, superintendent of the Brooklyn and Beach branch of the Long Island News Company, to Miss Laura M. Leigh, daughter of Mr. and Mrs. William W. Leigh, took place at the home of the bride's parents, No. 81 Preston street, West Philadelphia, yesterday.

## RISK OF ALCOHOL IS TOO GREAT.

Liquid Kidney Remedies Always Do Harm.

### Kidney-Wort Tablets Only Safe Remedy

It is no longer a secret that alcohol enters largely into liquid kidney remedies to enable them to keep. Unscrupulous proprietors of prepared liquid kidney remedies have been unable to keep this fact any longer from the public.

The result is, fewer and fewer well-informed men and women are willing to carry such liquid remedies into their homes. Every one knows that when the kidneys are perfectly well alcohol affects them more than any other part of the body, but when diseased alcohol tears them to pieces. Dr. Pettigill's Kidney-Wort Tablets, a true kidney specific, free from alcohol, has taken the place of all liquid kidney remedies, and thousands of sick people who were losing ground while taking the old-fashioned liquid kidney remedies are to-day entirely free from disease. The demand for Dr. Pettigill's Kidney-Wort Tablets has jumped to enormous proportions since the attention of everybody has been brought to the danger of alcohol in kidney diseases.

The Tablets quickly cure rheumatism by making the kidneys healthy. As Kidney-Wort Tablets are free from alcohol, they cure permanently, and the recurrence of the trouble that usually follows an after-effect of the alcohol contained in liquid kidney remedies need never be feared. When the kidneys are healthy they strain the uric acid from the blood, but when unhealthy the acid is deposited in minute crystals in the muscles and causes rheumatic pains. Kidney-Wort Tablets enable the kidneys to pass off the uric acid, thus clearing the healthy action and which will form into "stone" if not excreted.

If you are exposed to any of the existing causes of kidney trouble, look out for these and other symptoms: Pains in the loins and back, tired feelings, nervousness, bladder weakness, general weakness, derangement of digestion, frequent desire to pass water, reddish or dark sediment in urine. One bottle of Kidney-Wort Tablets will snatch you from danger and will in a very short time cure you permanently of what would become, if allowed to progress, Bright's disease or diabetes.

Refuse prepared liquid kidney remedies.

This test tells:  
Let your morning urine stand for twenty-four hours in a glass. Then, if it is milky or cloudy, or contains a reddish brick-dust sediment, or if particles or germs float about in it, your kidneys are diseased and you need Kidney-Wort Tablets.

**PILE Cures piles, constipation, etc., or no pay. Price, \$1.00. W. J. Quanser, 408 W. 57th St., N. Y.**
